What if your speeches and PowerPoint presentations and web copy could be as entertaining as a blockbuster film? Or as gripping as well-crafted television drama? Or as meaningful as a hit stage play? Here's a start: stop looking at other businesses for ideas and start looking at show business. Connect with your audience. Tell better stories. Express ideas visually. Appeal to emotion. These are just some of the important lessons from acting that can help you communicate more persuasively and effectively. In this fun, practical guide, author Rob Biesenbach offers hundreds of useful insight and tips from both his corporate experience and study of acting and improv.
